C.so Giulio Cesare, 6
Torino - ITALY

EDUCATION AND TRAINING

Ongoing – University of Barcelona

PhD in Cognitive Sciences and Language

Analytic Philosophy Curriculum

PhD project:

The normativity of logic in a psychologistic framework

Main Supervisor: José Diez

Co-supervisor: Genoveva Martí

July 2021 – University of Turin

Master's Degree (M.A.) in Philosophy Final grade: 110/110 *cum laude*

Final dissertation:

The normativity of logic in a psychologistic framework – Three approaches

Supervisor: Vincenzo Crupi - Co-supervisor: Andrea Iacona

Summary of the main courses taken:

Epistemology (Prof. José Diez)

Logic and Rationality (Prof. Andrea Iacona and Prof. Vincenzo Crupi)

Logic and Language (Prof. Andrea Iacona)

Metaphysics for mind and language (Prof. Graham Priest)

Philosophy of mind (Prof. Alberto Voltolini)

September 2019 – July 2020

Erasmus period

Kaunas University of Technology

Summary of the main courses taken:

Introduction to Artificial Intelligence

Theory of probability and statistics

Methodology of research work

Academic Writing (English C1)

French Language (B2)

April 2018 – University of Turin

Bachelor's Degree in Philosophy Final grade: 110/110 *cum laude*

Final dissertation:

Scientism and its forms – Hayek and Dupré's critiques

Supervisor: Vincenzo Crupi – Co-supervisor: Paolo Tripodi

2021/2022 WORKSHOP AND SEMINAR ATTENDANCE

LOGOS activities

SEMINARS

- *How Limited is Carnap's Conception of Explication?* - Anton Alexandrov
- *On the subpersonal assertoric force of experiential imaginings* - Andrea Rivadulla Duró
- *The Representational Manifold* - Manolo Martínez
- *Fictional-Imaginings are Entertainings* - Manuel García-Carpintero
- *Explication in Perspective. Convictions, Structure, and Shape* - Anton Alexandrov
- *Balance in the Best System Account of Laws of Nature* - Alfonso García Lapeña
- *Tolerance and the Epistemology of Disagreement* - Josep Macià
- *True Group Believers* - Fernando Broncano-Berrocal

COLLOQUIA:

- *Rationality: An Explicative Perspective* - Susanne Hahn
- *Toward a science of intelligence: models and behaviour* - Dimitri Coelho Mollo
- *Modal Epistemology and Hume's Other Principle* - Franz Berto
- *Conditionals: From Trivalent Semantics to Probabilistic Reasoning* - Jan Sprenger

EXTRA TALKS:

- *Building Bridges Between Analytic and Experimental Psychological Aesthetics* - Gerald Cupchik

Reading Group:

- *Epistemology* – Fernando Broncano and Sven Rosenkranz

Graduate Reading Group:

- *Looking for Structure: A defense on the usefulness of 'Big-G' Grounding* - Markel Kortabarria
- *Taste vs Life: How do we justify meat consumption?* - Duccio Calosi
- *The Phenomenal Concept Strategy Cannot Explain Problem Intuitions* - Marcelino Botín
- *On the subpersonal assertoric value of episodic imaginings* - Andrea Rivadulla Duró
- *Human alienation from nature* - Andji Eissing-Patenova
- *Principles of strategy selection* - Giovanni Dusi
- *What about epistemic possibility?* - Niccolò Rossi
- *From Laws to Theories: Defining truthlikeness for scientific theories* - Alfonso García Lapeña
- *Primitive Emotional Phenomenology: a New Puzzle and a Characterization* - Aarón Álvarez González
- *The formalization of computational intractability (1936-1963)* - Javier Poveda
- *Russellian Physicalists Get Our Phenomenal Concepts Wrong* - Marcelino Botín
- *Inference, Unconscious Inference and Taking Condition: A Story of a Complicated Relationship* - Ilia Patronnikov

EXTRA LOGOS Activities

LLC group of University of Turin:

- Knowledge by Sight and Knowledge by Proof - Timothy Williamson
- A perceptual sense of the future - Frederique De Vignemont

CBC group at Pompeu Fabra University:

- Neural and behavioral mechanisms for language acquisition – Marcela Peña Garay
- Question-answer dynamics in reasoning without language – Salvador Mascarenhas

OTHER Seminars, Workshops and Schools

August 2022

- *Urbino Summer School in Epistemology (IV Edition) – Four full-time days:*
Alexander Bird (Cambridge University) - Vincenzo Crupi (University of Turin) -

Maria Lasonen-Aarnio (University of Helsinki) - Antonella Coliva (UCI Irvine)

July 2021

Fourth Bochum Early Career Researchers Workshop in Philosophy of Mind and Cognitive Science - Ruhr University of Bochum (online)

April 2021

Logic, Language and Cognition – University of Turin
A puzzle about reasons – Prof. Vincenzo Crupi

March 2021

Logic, Language and Cognition – University of Turin
Relative validity – Prof. Andrea Iacona

WORKS

Forthcoming

Grounds of Logical Normativity – Inspired from a Diego Marconi's paper (forthcoming)

2021

The normativity of logic in a psychologistic framework – Three approaches
(Master's degree thesis)

<https://philpapers.org/rec/MELTNO-9>

2018

Lo scientismo e le sue forme: le critiche di Hayek e Dupré (Bachelor's degree

thesis) **TEACHING ASSISTANCE**

2016 – 2021

Tutor for students with physical and learning disabilities at University of Turin

LANGUAGES

Italian (native), English (fluent), French, Spanish (basic)
