

Co-funded by the Erasmus+ Programme of the European Union

UNIVERSITAT DE BARCELONA

UNIVERSITÀ DEL SALENTO

CLIMAST

Interdisciplinary training in climate sciences for master students

Applicants: Master & PhD students from Aix Marseille University (France), University of Barcelona (Spain), University del Salento (Italy)

Objectives:

- Develop soft skills in climate sciences (communication, perception, multi-actors cooperation)
- Improve your scientific background on climate variability

Additional Benefits:

Gain access to an international network, acquire a unique and novel pedagogical and scientific experience, learn teamwork, obtain certification.

► Spring Activity: “Climate Change (CC) in a complex society”

25-30 April 2022 (Barcelonnette-France)

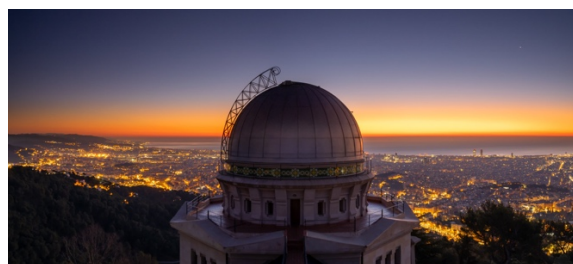

“Exchange with CC experts, carbon footprint, actions for CC (how?, who?), actions at international level (negotiation and cooperation mechanisms), communication on CC (how does it work?)
(Lectures, serious games, activities, round table)

► Summer Activity: “Assessment of climate change in the Mediterranean region” (past, present and future)”

27 June -2 July 2022 (Lecce-Italy)

4-9 July 2022 (Barcelona-Spain)

“Thematic sessions on **Natural Hazards and climate risks/ Paleoclimate, observation & projections of climate change/ Communication and disseminations”**

(Seminars, fieldtrip, visits to museum & historic testimonies and singular scientific infrastructures with the guideline of experts in Mediterranean climate variability)

How to apply:

Motivation letter (in English), CV + transcript + Information about English level

Send application to your university CLIMAST representatives (deadline 28th February):

AMU: vidal@cerege.fr; UB: icacho@ub.edu, USal : piero.lionello@unisalento.it

Selection: mid-March 2022

Application involves commitment to participate in both Spring and summer activities
