#### Annex

#### Specific conditions of participation

❖ **Universitat de Barcelona**

**Language:** although lectures are usually in Spanish or Catalan, some seminars may be conducted in English when there is a visiting researcher.

❖ **University of Cambridge**

**Hosting period:** from July until mid-September.

❖ **UCL**

**Application:** in their application, applicants will be expected to have identified a faculty member or research centre in the UCL Laws Faculty that they would like to work with on the exchange.

**Hosting period:** during 2015-16 the Faculty is in temporary accommodation and will be limited in the number of LERU PhD Exchange students it can accommodate at any one time so it is important for candidates to indicate the period in which they wish an exchange to take place.

❖ **Paris-Sud**

**Hosting period** (preferred period): January, May, June and September.
