

January 2025 - Exams Master Nanoscience and Nanotechnology

Monday	Tuesday	Wednesday	Thursday	Friday
6	7	8	9	10
			9:00-12:00	9:00-12:00
			Nanomagnetism and Spintronics	Surface Science & Analysis
			14:00-18:00	
			Nanosystems for medical diagnosis	
13	14	15	16	17
9:00-12:00			9:00-12:00	9:00-12:00
Synthesis and processing of nanomaterials			Nanosensors	Nanomagnetism and Spintronics
	15:00-18:00	15:00-18:00		
	Nanoscope Systems in Drug Delivery	Pharmaceutical Nanotechnology		
	Modelling and Simulation	Nanoelectronics		
20	21	22	23	24
	9:00-12:00	9:00-12:00	9:00-12:00	9:00-12:00
	Characterization and manipulation at the nanoscale	Characterization and manipulation at the nanoscale	Colloidal systems and supramolecular devices	Nanomagnetism and Spintronics
15:00-17:00				
Bioavailability, efficacy and toxicity. In vitro in vivo evaluation.				
27	28	29	30	31
9:00-12:00	9:00-12:00	9:00-12:00	9:00-12:00	9:00-12:00
Nanomaterials	Nanomaterials	Nanomaterials	Nanomaterials	Nanomaterials
