

## **Authorization for electronic verification of personal details during enrolment**

---

In accordance with Spanish Law 39/2015, of 1 October, on the common administrative procedure of public administrations, the University of Barcelona may verify by electronic means the details of your identity document and, where applicable, of your large family status and previous academic qualification for the purpose of this enrolment procedure with the Spanish Ministry of Education and Vocational Training.

This verification is carried out via the Via Oberta service, which consults the Catalogue of Exchangeable Data and Documents managed by the Catalan Electronic Open Administration Consortium.

Since you stated your opposition to the verification of your personal details during the enrolment procedure, if you wish to authorize the UB to carry out this verification so that you do not need to provide the corresponding documents, you are kindly requested to complete and return this document.
