

HOW TO PROCEED IN CASE OF ACCIDENT

Phone call

First of all you **must call the company's help desk**, from where you will be provided with a necessary reference number that you will give to the Concerted Center and will refer you to the closest one:

› Phone number	913.255.568
› Policy nº	049048582
› Company	ALLIANZ

Urgency

In case of urgency, after contacting the company's help desk, you can go directly to the **Concerted Center** enclosing the Allianz document called "*Declaración de Accidente*" filled out, which it will be necessary to indicate the reference number provided by phone.

In case of **vital urgency**, you should always call **112** number.

It is important that once you have finished the assistance, keep a copy of this document and all the medical reports that you provide.

As an indication, this is the closest center to Barcelona city (although the relation of centers may vary over time, it is always safer to call the company before).
